

Fairway Super League 3: 60 Second Interview with...

Old Victorian's Vipers

We sat down with the captain (Charlie Brennan) and the coach (Elliot Powell) of current Fairway Super League champions OV's Vipers and put them through our 60 second interview to find out more about them.

2018 Position: Champions

Charity Partner: Macmillan Cancer Support Jersey

Why this charity?

EP: Macmillan do fantastic work in Jersey to support people who have suffered with Cancer. Not too long ago there was a case close to one of the clubs' former Super League players, so we felt that this charity would be very appropriate to raise awareness and money for.

Bat, bowl or all rounder?

CB: All rounder

EP: Depends on the team I'm playing for but mainly a bowling all rounder

Favourite player?

CB: Ben Stokes

EP: Freddie Flintoff or Ian Bell

Best moment in FSL?

CB: Winning last year's tournament in the last over

EP: Watching the boys retain the trophy last year

Goal for this year?

CB: To win again and captain the side in the right spirit

EP: To do the treble and make sure that everyone gets a good game. We want the lads to play in the right spirit and build on their skills

Ambitions in cricket?

CB: I'd like to progress through the ranks with Jersey to play senior international cricket for the Island

EP: To see OV's have a sustained player pathway and competitive teams at all senior levels

Finally.... Why do you like Super League Cricket?

CB: It's fun. You play with and against different people with a mix of ages which makes it more inclusive than normal matches. For me it helps to develop my leadership by looking after the younger players and making sure they get involved.

EP: When we were 13, we'd have loved to play in a tournament like this. The team get to test themselves against different people, while still in a competitive Jersey environment. It's great to see the numbers increasing and the addition of seeding/draft makes the tournament much more fair. You can also see that it is improving the standard of cricket on the island through the amount of people progressing to the next levels with the JCB.

Macmillan Cancer Support

Macmillan Cancer Support Jersey offers free emotional support, practical information and group support to people in Jersey with any type of cancer and at any stage, along with their families and friends.

They also have a wellbeing service which includes complementary therapies, activities, group / social support, and diet and exercise advice. All their services are free and confidential. Their services are provided from The Oasis, Macmillan Jersey's cancer support centre, based at the Lido Medical Centre.
